OVERVIEW

Sue Nave is manager of the firm's human resources/personnel, benefits, payroll, and facilities functions. Among other things, she is responsible for managing the firm's relationships with its insurers, suppliers, vendors, landlords, and outsourced office services provider. Sue also has managed a significant remodel of the firm's Silicon Valley office (which necessitated two complex moves of nearly 100 employees and subtenants), and supported a build-out and move of its Tri-Valley office.

Prior to joining the firm, Sue worked for a technology support company. She joined Hoge Fenton in 2000.

EDUCATION

University of California at Berkeley
